SMART STYLE FREESTYLE TERRAIN Terrain Parks

- Make a plan.**
Every time you use freestyle terrain, make a plan for each feature you want to use. Your speed, approach and take off will directly affect your maneuver and landing.
 - Look before you leap.**
Scope around the jumps first, not over them. Know landings are clear, and clear yourself out of the landing area.
 - Easy style it.**
Start small and work your way up. (Inverted aerials not recommended).
 - Respect gets respect.**
From the liftline through the park.
- This Orange Oval symbol designates Freestyle Terrain such as parks and pipes. Smart Style represents Freestyle Terrain safety. Know It, Respect It, Use It!
