

The Mt Buller and Mt Stirling Alpine Resort Management Board (RMB) is a leader in alpine waste management in Victoria. Innovative programs are in place for the collection and re-use of recyclable and organic materials. All programs are implemented in accordance with *Getting full value: the Victorian Waste Management and Resource Recovery Policy* with support obtained via membership of NEWRRG (North East Waste Resource Recovery Group).

The RMB is proud to be part of an extensive waste management program in which we support recycling. We've made it easy for you to actively help us in preserving and protecting our special environment. You too can be proud of playing your part by using the recycling and organic recycling bags provided.

Please tie all waste bags and place neatly, in one of the 28 the garbage huts, located around the village.

Alpine Resort Waste Management

ORGANICS

Put all recyclables in clear plastic recycling bags, provided free of charge from Resort Management/Waste Contractor.

Items that can be recycled are shown in black printing on the bags (plastics 1-7, glass, aluminium, steel, paper and cardboard).

DO

- Tie the bag when full and leave it at one of the 28 garbage huts located along the Village roadsides.
- Clean up any mess you make.
- Close the door when you leave to prevent animal access and contain odours.

DON'T

- Don't overload garbage or recycling bags.
- Don't put garbage in recycling bags.

'The Living Bin' Organic Recycling

- Use a green food only bucket (or other receptacle) and clear bag (with green printing) to collect organic waste.
- Organic bags are provided free of charge from Resort Management/Waste Contractor.

What you can put into the Organic bin:

ALL food scraps, meat, fruit, teabags, and all vegetables.

What you cannot put into the Organics bin:

NO plastics please! This includes glad wrap, plastic containers, sauce sachets, straws, plastic forks & knives.
NO metals including foil.

- Put all garbage in black garbage bags.
- Minimize the amount of this waste generated per person – make good purchasing decisions by thinking about waste.

DO

- Tie the bag when full and leave it at one of the 28 garbage huts located along the Village roadsides.
- Clean up any mess you make.
- Close the door when you leave to prevent animal access and contain odours.

DON'T

- Don't overload garbage or recycling bags.
- Don't put garbage in recycling bags.
