Trail crew - 'Trail of the Week'

Trail of the week is **Stonefly**, for two weeks running, with reports coming in from all who've ridden this recently that the refurbishment works to the lower descent into Howqua Gap are 'bermalicious'! The Alpine wildflowers in full bloom bunting each side of the track at this time of year only adds to the wilderness experience of this trail.

Trail closures

NOTE: two log crossings are still to be replaced on the Delatite River Trail, please check river levels prior to riding this trail, and be prepared to walk at least two river crossings.
