### Trail crew - 'Trail of the Week'

Trail of the week is **Misty Twist**, freshly groomed and trimmed thanks again to our hard-working Enviro Team, located over on Corn Hill in the heart of our XC network.

Loop this in with Medusa and Clancy's Run for a great all mountain adventure.

And for those gravity obsessed riders Copperhead is looking the goods for this weekend.

### Trail closures

No current trail closures to report.

There is some damage to the EPIC trail, on the descending section past the Enjoy log. Please ride with caution, we hope to have this repair complete ahead of the weekend.

Two log crossings are still to be replaced on the Delatite River Trail, all riders are required to dismount and cross through the river, do not attempt to cross via the old log crossings. Barriers and signage are in place.
