

Let's talk *family fun*

Stretch your snow dollar

We get it; a snow holiday is something you've been saving for so getting the best value is important. At Mt Buller we extend kid's lift pass prices to 18 year olds so your tall teens still ride for a kids' rate. You'll find the best value deals mid-week all winter and you'll have more of the slopes to yourself too!

Look for 'Kids Stay Free' deals at accommodation houses and up to two kids (under 15) stay free with 2 paying adults to save on your snow stay.

Spring onto the snow!

Spring is a bit of a secret and is one of the best times for families. Longer days, more sunshine, deeper snow cover and plenty of fun events make September a favourite for families who know. You'll also find value deals, a more relaxed vibe on the slopes and discounts in stores.

Learn at your own pace

Investing in a lesson or three is worth every cent and makes your time on the slopes as a family more fun and a whole lot safer! Consider booking a private lesson and learn something new, together.

Lessons from just 1 hour through to all-day are available and will give your tribe one-on-one attention from your qualified instructor. Bookings are essential.

Shuttles smooth the journey

Mt Buller is spoiled with plenty of cleared walking paths that make getting around our alpine village easy. However when ski legs are tired you'll love the free Village shuttles that loop between the Village centre, hotels and lodges. Simply hop on and off and make the ride to and from the slopes even easier. Download the Mt Buller Transportation App and you can even see when a shuttle is close to your stop! PS - little ones love taking a ride and seeing more of the resort, and you get a break from carrying small people and their skis.

So much to do off the slopes

The skiing and snowboarding is great – but leave some time for everything else you'll want to pack in: jumping and climbing in the AirZone, taking in a movie at our 180-seat cinema, hunting for gnomes, sliding in the Snow Play Parks and browsing the HarroArt Gallery (they have beautiful jigsaw puzzles and even a 'chocolate bar' with sweet treats and gifts for friends and family to take home with you as a delicious reminder of your stay.
