

4WD/AWD Village Permit Eligibility

The RMB makes a concerted effort to rationalize vehicle movements within the village. The roads within the Mt Buller Village are used by both pedestrians and vehicles. The Board's aim is to provide safe road/pedestrian walkways plus allow for effective snow clearing operations. Strict guidelines apply to vehicle permit applications and must be adhered to so as to maintain a functional, organised, and user-friendly resort

To be eligible for a "Village Season Permit", the site must have designated parking space (onsite or roadside) as determined by the RMB, and the applicant must satisfy ONE of the following criteria;

The applicant must: -

- *Be an Apartment Owner*
- *Be a current Lodge / Club Member and provide proof if requested*
- *Operate a business within the Village by way of a Commercial Lease*
- *Must have leased an apartment or club for entire season and provide supporting paperwork.*

4WD/AWD Pass Types:

- **ONSITE TRANSFERABLE PERMIT**
 - The site has a fully managed car park i.e. totally undercover car park or an isolated area accessible to permit holders only - via a secure entry.
 - The transferable permit must be visible on the dash of the vehicle at all times whilst the vehicle is at Mt. Buller.
 - The transfer of the transferable permit between vehicles will be the sole responsibility of the permit holder.
- **ONSITE PERMIT**
 - Parking spaces are within the specified site boundaries
- **ROADSIDE PERMIT**
 - Parking spaces are outside set site boundaries.
 - The RMB restricts the number of roadside parking and there is an intention to phase out all roadside spaces in the future
- **ACCESS PERMIT**
 - Allows 30 min. drop off/pick up at the specified site access point.
 - When loading/unloading at the site is completed, the vehicle must either park at the roadside car park below Tip Corner or if that is full, travel to car parking staff and be directed to an appropriate car park.

- Permit holders must proceed directly to their allocated site and are not permitted to drive around the village. Permit holders are not permitted to transport guests or their luggage to or from the car parks nor to transport passengers around the village.
- Vehicles must be entirely contained within the allocated parking space so that it does not obstruct or hinder the flow of traffic and is minimal obstruction to Resort Outdoor Operations.
- Parking infringements will be issued to vehicles that do not park where specified.
