RACE TRAINING

Race Training is an exciting way to introduce skiers & snowboarders to racing techniques. Participants cover a range of activities with experienced coaches including: practice through a race course, mental preparation hints, technical drills, start training, finish line crossing tips, and explanations of basic race rules. The Mt Buller Race Department has tailored a race-training program designed for intermediate to expert skiers, snowboarders and cross- country skiers (minimum age 6 years).

Race training can be booked for 2 hours, 3 hours or 4 hours per day. Schools may elect to have up to 10 students in a race group. For planning purposes a good ratio is 1 coach for every 8 students. In order to maximize your experience please remember when booking coaches that each group needs to be roughly the same ability level.

BIB NUMBERS

If you would like the competitors to go in a specific order, please advise on the start list. We cannot guarantee what bib numbers competitors will wear. Schools are welcome to inspect the course from the side prior to your race. Each race must start on time as we often have consecutive bookings. Alternatively you may book an 'inspection' time slot at an additional charge.

RESULTS

Results will automatically be placed on our website www.mtbuller.com.au/Winter/Events-Activities/Race-Results unless we are informed otherwise. A printout of the results is available from the Race and Events Department. A copy will be given to the race organizer only. Parents and competitors may download race results from the website.

Results provided will include:

- Combined times over two runs within divisions and gender.
- Event Analysis In the unfortunate situation where a competitor is disqualified (DSQ) or did not finish (DNF) and is not eligible to have two recognized times to combine for the overall results, this analysis provides schools with the opportunity to see each individual time. The event analysis will not be placed on our web page so please advise the Race Department race.dept@skibuller.com.au if you would like a copy of this emailed to you.
